

What to Expect in a Group Reading/Healing with Deb

During the two-hour session, Deb will conduct readings for each individual participant, providing an opportunity for everyone present to gain validation and information for themselves and through others' readings.

1. Come open to the experience.
2. Deb is a willing open vessel to connect this world with the other side. Spirit will tell you what you need to know not necessarily what you want to know.
3. Deb will pass on profound healing messages directly from departed loved ones, higher guides, angels and healing masters.
4. Each group comes together for reasons revealed by spirit once the reading is underway and there often will be a common thread in some way connecting the participants.
5. Each person will receive a reading so it could be helpful to come prepared with a few questions you need help and clarity with such as career, health, children, marriage, romance, family matters, finances, relationships, home etc.
6. Also make a list of departed loved ones and or living family and friends that you would like to connect with during the reading. This includes animals alive or on the other side.
7. A recording of the session will be provided to all participants.
8. During the days prior to the reading/healing talk to whomever you want to come through and ask them to show up.
9. Keep in mind spirit's intention is to remind us to enjoy the life we still have left, to let go of the sadness, and instead, focus on JOY.
10. Most importantly surrender all expectations.
